

Hello,

We are very pleased to present the following machine for your review and approval:

## 2006 JUNKER EJ29

### CNC CYLINDRICAL GRINDER

Swing: 11.47" x 31"  
Height of centers: 6"  
Rotating diameter: max. 11"  
Width of turning centers: max. 31"  
Grinding length: max. 31"  
Grinding wheel diameter: 11" - 16"  
Grinding wheel width: max. 2"  
Grinding wheel bore hole: 5"  
Grinding wheel circumferential speed: 45 m/s  
Workpiece weight between turning centers:  
max. 80 kg  
Total connection value: approx. 20 kVA  
Weight of the basic version of the machine:  
approx. 5600kg  
Dimensions of Machine:  
approx. 137" x 106" x 81" tall

### -EQUIPPED WITH-

Fanuc 21i-TB Controls  
SBS Balancer SB4500  
Fanuc Servo Driven Head Stock  
Fanuc Servo Driven Table Traverse  
Manual B-Axis  
Fanuc Servo Plunge  
Air Chuck Actuator  
Hydraulic Lever Operated Tailstock  
Attached Electrical Panel  
Hydraulic Unit

PRICE.....\$49,500

Best Regards,
